

AUGUST 2020

DJ BOWMAN RACING

Around The Stables

GROUP 1 STAR IS BACK

Begood Toya Mother resumes at Caulfield on Saturday in the Listed Regal Roller Stakes.

Nothing went right last preparation, but after a long spell, he has returned with a bounce in his step.

For something different, he pretraced at Leneva Park where he did a bit of dressage work and work on their up hill track to build strength in his rump.

Since then he has had a few trials to enhance his fitness.

"When he won this race last year he was at his peak fitness as he needed to win to get into the Rupert Clarke Stakes, but this year we are building his fitness from scratch, so whatever he does on Saturday he will improve on going forward."

Begood Toya Mother races at 4:00pm - Good Luck to all connections

FEATURING

Yearlings
Owner Spotlight
Farewell Billy

YEARLINGS

The yearlings, well now two year olds, have been cycling through the stable learning the ropes of becoming a racehorse.

Our staff are very patient in educating them on the ground and in the saddle.

It is always exciting to see them progress each preparation, as we learn about them as an individual and the ability they have.

Obviously it is hard to commit to purchasing a share in a race horse during these unprecedented times. But we are happy to work with you in anyway possible if you would like to become involved.

We have shares available in a range of horses including lease horses.

If you have any questions or would like to see what we have on offer please don't hesitate to contact Daniel on 0409 807 762 or send through an email to admin@djbowmanracing.com

FAREWELL BILLY NOLAN

Billy started riding for the stable when we first began training in 2015.

After 42 years in the saddle, Billy hung up his riding boots at the end of July.

He has been an integral part of the stable with his 'no fuss - get the job done' attitude.

"He was a great judge of a horse and could always tell you when a horse was at its peak."

Billy will continue to be involved in the racing industry as he is a barrier attendant in the local district.

We wish Billy all the best in his retirement and hope the fish start biting for you.

CROWNED A WINNER

We never got to see the best of three year old filly, Crowned Lizzie.

But she gave her owners one last hurrah when she won at Naracoorte.

Although she was plagued with issues in her short career, she always tried her hardest.

Jessica Eaton gave her a perfectly timed ride to get the bob in on the line in the heavy conditions.

Crowned Lizzie has now been sold as a broodmare and we can't wait to see "baby Lizzies" on the track

OWNER SPOTLIGHT

FEAT: GREG BEADLE

How did you become involved in racing: My grandfather was an SP Bookie for a short while so racing was on the radio a lot. I got an opportunity to buy a couple of broodmares 6 years ago and we have raced all the foals bar one.

How did you become an owner at DJ Bowman Racing: Was watching Daniels career with interest and our syndicate always spoke of having a horse trained in the Western District to give us an excuse to get to the May carnival

Which horses do you currently own at the stable: Nashville Sound, He's All Ready and Ornamental Lady

Favourite horse you have owned and why: Big Roy (Nashville Sound) He was our first runner at the May Carnival last year and he won for us - was a great thrill for us all.

What is your most enjoyable win as an owner: Hard to go past the race at the Bool but the Penola Cup was good as well. Both winning in our regions famous Counihan Family race colours some of the oldest in use (at least 160 yrs)

How do you celebrate a win (pre iso): Enjoy a few bevos with the others in our syndicate and watch the replay a 100 times!!

What is the race you would most like to win: Bairnsdale Cup/WS Cox Plate

Favourite jockey: Jye McNeil & Declan Bates

Favourite racetrack: Bairnsdale and Caulfield

Best horse you've ever seen race: Kingston Town - In another story as a young bloke, I was carting hay at Kingston Lodge where a big black mad horse charged at us. I asked the farm manger who the horse was. He said, "some useless stallion that couldn't go a yard and he wasn't going to keep his manhood for much longer." That horse was Kingston Town!!

If you could give the trainer one piece of advice what would it be: Never second guess yourself or any decisions you make in good faith

Do you have any race day superstitions: Make sure I get a good look at them in the stalls before the race

What is your favourite racing memory: Backing 7 winners out of 8 races one day at the old Pakenham track. I didn't have a bet in the first race, as it was a hurdle and I wasn't keen on them back then. Now I'm looking for a jumper to race!

If someone asked you about joining the stable, what would you say: DJ Bowman Racing is a great hard working family operation and team. They will do everything to get as much success that your horse is capable of. They give honest feedback regarding your horses and Daniel and Denita are great to spend time with.
