CORONA VIRUS STABLE UPDATE

We are getting closer to having you all back at the stables. YAY!!!

Racing Victoria and the Victorian Government have done an outstanding job in handling all aspects of Covid-19.

To keep racing going during these uncertain times has been a real winner for the industry and our owners. We know it's disappointing, not being able to go to races, but at least we are still able to watch them race from the comforts of our own home.

Hopefully we will be able to have you back at the stables when the next lot of restrictions are eased.

We would like to thank you for your support during these unprecedented times. It definitely has not been easy on any of us.

SWEET VICTORY

Super consistent mare Sweet Venom recorded her Maiden victory at Swan Hill on Monday.

The five year old Golden Snake mare had had 10 starts for the stable prior to her win, where she never finished outside of fourth.

The key element to her victory was the midfield position she was able to settle in. Dean Yendall guided her to the middle of the track at the top of the straight and she was simply too good for her rivals winning by over 2 lengths.

Congratulations to her winning connections who have been very patient.

RACING AUSTRALIA CHANGES

Over the last year Racing Australia have been implementing a new online system to complete all transactions that would normally be completed by paper.

This includes: Horse Naming Registrations

Transfer of Ownership

Lodgement & Change of Lease

Syndicate Registration

Retirement details

You are also able to view the horses you own and their upcoming races and results.

Where possible this will be the new way of completing all applications.

Most of you would've received an email from Racing Australia at some point last year with how to register and login.

If you are registered and have a User ID number, could you please let us know so we can add it to our system to make our transactions easier.

If not could you please complete the registration application at the below web address

myhorseracing.horse and let us know the User ID you are given.

ACCOUNTS

When making payments can you please ensure you use your **LAST NAME** or **ACCOUNT ID** or **KEYWORD** as the reference.

Account Details Account ID: 868 - 778 Keyword: hello

It is almost impossible to match up if you list the words: horse payment or the name of your horse as there are others who will almost certainly have the same amount outstanding. So if in doubt of what to write in any description on your internet banking please put your last name.
