Around The Stables

5 WINNERS IN A WEEK

We all know there are many highs and lows in racing.

When you are on a high, you really have got to celebrate them, because you just never know what is around the corner. So we did just that with our first dinner out since Covid.

Whilst we didn't have the stock for the Flemington carnival this year, we had 13 runners in the country for 5 winners during this period. Four in Victoria, all Maiden victories and one in South Australia.

Thank you very much to our loyal owners who have continued to stick by us and to our staff who do a fantastic job. It really isn't easy getting up at 3:30am and I feel you really have to love the horses to want to do this.

NEW FENCING

Improvements at our stables continue with Pro Fencing back in action. Sam has been busy fencing up spelling paddocks. We will be able to utilise these for horses having a short let up (2-3 weeks) and those who are having a longer spell that we need to keep a closer eye on.

RESTRICTIONS EASING

As the restrictions in Victoria start to ease, the racing industry continue to take a cautious response to Covid-19.

Owners are allowed back on track, however for a limited time only and you have to register prior to attending.

If you have a horse racing in the not to distant future, Racing Victoria will email you once acceptance details are out to let you know how to register.

Unfortunately we are still unable to have owners at the stables at this point in time.

DOUBLE AT MORTLAKE

Mortlake, usually race on Derby Day, however they had their Cup meeting pushed back a day.

Culily Ace was the first to break her maiden. She jumped away cleanly from the inside barrier and had a nice easy run in behind the leaders. At the top of the straight she was needing clean running. Some how Melissa was able find her way through the field to the outside and win by half a length.

Bonnie's owners have been very patient, allowing her to mature and recover from niggling injuries. It is great to be able to reward them for their patience.

Luxitorah was the second winner for the stable, also breaking her maiden.

With a late change in rider, the little pocket rocket, led from start to finish over the 1100m journey.

Congratulations to the Molloy family and the connections.

Both horses are homebreds, so they are little more special and a lot more rewarding.

READY TO RUN GRADUATES

Last years Ready to Run Sales have been quite fruitful for the stable thus far.

Barcelona Rock was purchased from the Inglis Ready to Run in Sydney last year.

He had his first start at Warrnambool on Friday, where he was able to put his nose down at the right time to get the win on the line. It was great to see some of his owners on track cheering him on.

Following on from Barcelona Rock's win, Ocean Beyond who was passed in at the NZ Ready to Run Sales, saluted at Geelong the following day.

It was a pretty easy ride for Harry Coffey in the end.

Both boys look like they will give their owners plenty of fun in the years to come.

MELBOURNE CUP RIDE

It was great to see local jockey Declan Bates given the opportunity to ride in the Melbourne Cup. Declan rode Ashrun into 10th place. He also rode 2 winners over the Flemington carnival. Well Done Dec!
